

Fertility Drug Use Questionnaire Informed Consent Form

Principal Investigator: **Prof. Abraham K. Waithima**
Nairobi

The purpose of this study is to find out the effectiveness of the use of fertility drugs among women in selected districts in Kenya.

I have been told that I will be asked to fill out a questionnaire assessing some demographic information about myself, as well as answer questions on my usage of fertility drugs. I am aware that the questionnaire will take approximately 30 minutes. I have been told that to protect my confidentiality, I will be assigned a numerical code that will be used to identify my responses for statistical purposes only. My responses will be kept in a confidential place that will only be available for access to the principal investigator. I have been told that I may experience some discomfort in identifying some personal information during this study; however, I have also been told that none of this personal information will be made public.

If I decide that I am not comfortable completing the questionnaire, I can simply stop my participation. I have been told that my participation is voluntary and that refusal to participate will not involve penalty or loss of benefits. I have been told that I will not gain any immediate benefits from participating in this study. However, I have also been told that my participation in this study may contribute to society's better understanding of the usage of fertility drugs. If I have questions on this research, I can contact Dr. A. K. Waithima on 0721 297 948 or akwaithima@qdataconsult.com

I have read and understood the information provided above.

I voluntarily accept to participate in the research ☐

I decline to participate in the research ☐

This questionnaire is used to generate the exercise data

1. Please indicate your age in years
2. How many biological children do you have?
3. Have you ever used fertility drugs?
4. How many years of formal education have you had?
5. Please indicate your marital status
 - Married
 - Single
 - Divorced
 - Widowed
6. What is your religious affiliation
 - Protestant
 - Roman Catholic
 - Islam
 - None
7. Kindly indicate your monthly income in thousands of Kenya shillings
8. What type of marriage are you in?
 - Polygamy
 - Monogamy
9. How many siblings do you have?
10. Please indicate your weight in kgs
11. Please indicate your height in meters
12. Do you consider yourself to be happy?
 - Yes
 - No
13. Please indicate your ethnic group
 - Kikuyu
 - Luhya
 - Luo
 - Kalejin
 - Others
14. Please provide any feedback you may deem necessary for this study:
